 WHEEL DRIVE

[Standard Equipment](#) | [Safety Options](#)
[CARFAX Safety & Reliability Report](#)

Hi-I'm the CARFAX Xpert™. I'm here to help you better understand the data in this CARFAX Report. Did you know...

- We checked over 4 billion records from thousands of [public and private sources](#) for this vehicle
- This vehicle qualifies for the CARFAX Buyback Guarantee
- The last reported odometer reading was 142,755

SUMMARY

A CARFAX Vehicle History Report is based only on information supplied to CARFAX. Other information about this vehicle, including problems, may not have been reported to CARFAX. Use this report as one important tool, along with a [vehicle inspection](#) and test drive, to make a better decision about your next used car.

TITLE PROBLEMS

CARFAX guarantees the information in this section

[Salvage](#) | [Junk](#) | [Rebuilt](#)

[Fire/Flood](#) | [Hail Damage](#) | [Buyback/Lemon](#)

[Not Actual Mileage](#) | [Exceeds Mechanical Limits](#)

GUARANTEED - None of these major title problems were reported by a state Department of Motor Vehicles (DMV). If you find that any of these title problems were reported by a DMV and not included in this report, CARFAX will [buy this vehicle back](#).

GLOSSARY

[View Full Glossary](#)

● Accident

CARFAX receives information on accidents in most states when an official police report is filed. Not all accidents are reported to the Police. The level of detail in the accident record varies by state depending on the state's accident report requirements. CARFAX recommends you obtain a vehicle inspection from your dealer or an independent mechanic for any car involved in an accident.

- According to the National Safety Council, Injury Facts, 2003 edition, 12% of the 243 million registered vehicles in the U.S. were involved in an accident in 2002. Over 90% of these were considered minor or moderate.
- CARFAX depends on public and private sources for its accident data. Each one of these sources has different processing times. CARFAX can only report what is in our database on 29.Jan.2007 13:15:35. New data will result in a change to this report.

New Jersey Police Reports:

- Do not include an assessment of damage severity
- Are required if the estimated damage exceeds \$500

● First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

● Inspections

Many states or counties require annual or biennial emissions and/or safety inspections. Odometer readings are

collected at the time of the inspection.

- **Mileage Inconsistency**

If a more recent odometer reading is less than an older reading but CARFAX is uncertain whether the discrepancy is a rollback or a clerical error, then CARFAX calls it a "Mileage Inconsistency". In this case, you should verify the mileage with your dealer or a qualified mechanic.

- **New Owner Reported**

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

- **Ownership History**

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1994 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

- **Title Issued**

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

Accident Indicator

Various events could indicate an accident in a vehicle's history, such as: salvage auction, fire damage, police-reported accident, crash test vehicle, damage disclosure, collision repair facility and automotive recycler records. See the glossary for more information.

Airbag Deployment

Occurs when the driver, passenger or side airbag has been used or deployed during a crash or other incident. If an airbag has been deployed, new or recycled airbags must be installed for the airbag system to return to operation.

Total Loss

An insurance or fleet company declares a vehicle a total loss when a claim exceeds ~ 75% of its pre-damage value or if the vehicle is stolen and not recovered. This damage threshold varies by company. These companies typically take

possession and obtain the title. Not all total loss vehicles result in a DMV-reported branded title, like a Salvage or Junk title. See the glossary for more information.

Frame Damage

In most cases, a vehicle is inspected for frame damage after an accident or other incident. All levels of accidents from minor to severe can cause frame damage and in most cases it can be repaired. If frame damage is reported, having this vehicle's frame inspected before purchase is recommended.

Odometer Rollback

If a more recent odometer reading is less than an older reading, then the odometer may have been tampered with and "rolled back".

Manufacturer Recall

Automobile manufacturers issue recall notices to inform owners of car defects that have come to the manufacturer's attention. Recalls also suggest improvements that can be made to improve the safety of a particular vehicle. Most manufacturer recalls can be repaired at no cost to you.

Basic Warranty

Most manufacturers offer a basic warranty for new vehicles. These warranties vary by manufacturer and typically last for a certain amount of time and/or a set number of miles.

Salvage Title

A Salvage Title is issued on a vehicle damaged to the extent that the cost of repairing the vehicle exceeds ~ 75% of its pre-damage value. This damage threshold may vary by state. Some states treat Junk titles the same as Salvage but the majority use this title to indicate that a vehicle is not road worthy and cannot be titled again in that state. The following ten States also use Salvage titles to identify stolen vehicles - AZ, FL, GA, IL, MD, MN, NJ, NM, NY, OK and OR.

Junk Title

A Junk Title is issued on a vehicle damaged to the extent that the cost of repairing the vehicle exceeds ~ 75% of its pre-damage value. This damage threshold may vary by state. The majority of states use this title to indicate that a vehicle is not road worthy and cannot be titled again. Some states treat Junk titles the same as Salvage.

Rebuilt/Reconstructed Title

A Rebuilt/Reconstructed vehicle is a salvage vehicle that has been repaired and restored to operation. These vehicles are often severely damaged before they are rebuilt and refurbished parts are typically used during reconstruction. In most states, an inspection of the vehicle is required before the vehicle is allowed to return to the road.

Loss Due To Fire Title

The vehicle sustained major damage due to fire. In most states, fire damage titles are issued when the cost of repairing the vehicle for safe operation exceeds its fair market value.

Flood Damage Title

States issue flood titles when a vehicle has been in a flood or has received extensive water damage.

Hail Damage Title

The vehicle sustained major damage due to hail. In most states, hail damage titles are issued when the cost of repairing the vehicle for safe operation exceeds its fair market value.

Manufacturer Buyback or Lemon

A DMV or a state agency marks an official document or issues a Manufacturer Buyback/Lemon title when a vehicle has been repurchased by the manufacturer. Not all states issue manufacturer buyback titles and the specific requirements for a lemon law vehicle varies by state.

Not Actual Mileage Title

When the seller certifies, under the Federal Odometer Act, that the odometer reading does not reflect the vehicle's actual mileage. This may occur because the odometer was tampered with, broken, or replaced.

Exceeds Mechanical Limits

A vehicle with a 5-digit odometer cannot accurately track mileage after 99,999 miles because the odometer rolls over. This title is the result of a seller certifying under the Federal Odometer Act, that the odometer reading EXCEEDS MECHANICAL LIMITS of the odometer.

Standard Equipment

Power Windows, Power Steering, Air Conditioning, AM / FM CD, Power Brakes, Power sun / moon roof, Tilt Wheel, 6-

digit Odometer

Safety Options

4 wheel ABS, Dual front air bags/belt system unknown
